
Unit 11

(See Unit 11 map)

This unit consists of that area draining into the headwaters of the Copper River south of Suslota Creek and the area drained by all tributaries into the east bank of the Copper River between the confluence of Suslota Creek with the Slana River and Miles Glacier.

Special Provisions:

- Bait may be used to hunt black bear between April 15 and June 15.
- For subsistence use, national parks, monuments and preserves are open only to National Park Service qualified subsistence users. Subsistence users must be local rural residents of National Park Service areas. For more information, contact the National Park Service office in Anchorage, Alaska (telephone (907) 644-3423).
- One moose without calf may be taken from June 20–July 31 in the Wrangell-St. Elias National Park and Preserve in Unit 11 or 12 for the Batzulnetas Culture Camp. Two hunters from either Chistochina or Mentasta Village may be designated by the Mt. Sanford Tribal Consortium to receive the Federal subsistence harvest permit. The permit may be obtained from a Wrangell-St. Elias National Park and Preserve office, (telephone (907) 833-5234).

An “All rural residents” designation in the following customary and traditional use determinations means that a specific determination has not yet been made.
